

STAGE: PROFESSIONAL 1

Subject Title:

MANAGERIAL FINANCE

Examination Duration: 3 Hours

Aim

The aim of this subject is to ensure that students develop a critical understanding of the nature and scope of financial management. They should be able to assess funding requirements, calculate the cost of the available sources of finance, and advise on the optimum financing structure for an entity. Students should be able to evaluate the role and application of corporate planning and budgetary control theory and techniques. They are also expected to demonstrate excellent written communication skills and the ability to integrate learning of this and other subjects.

Managerial Finance as an Integral Part of the Syllabus

Managerial Finance develops students' knowledge and skills with respect of the financial management of organisations and builds on the Formation 2 Stage Management Accounting syllabus. This subject is an essential underpinning for Strategic Corporate Finance, Strategic Performance Management and Strategy & Leadership at Professional 2 Stage.

Stage	Subject	Subject	Subject	Subject	Subject	Subject
P2	Strategic Corporate Finance	Strategic Performance Management	Advanced Corporate Reporting	Strategy & Leadership	Audit Practice and Assurance Services	Advanced Taxation
P1		Managerial Finance	Corporate Reporting	Corporate Laws and Governance	Auditing	
F2		Management Accounting	Financial Accounting	Information Systems	Taxation	
F1			Management in Organisations	Economics and Business Planning	Business Law and Professional Ethics	

The above table shows the linkages between Managerial Finance and the subjects highlighted. The capabilities developed will be built upon in the study of the subjects highlighted above.

Learning Outcomes

On successful completion of this subject, students should be able to:

- Interpret and critically appraise corporate objectives including, shareholder value, stakeholder value, value creation, investment policy and long and short-term financing.
- Analyse and evaluate the main financial management decisions of a company/organisation including capital budgeting, investment appraisal, working capital management, capital structure and dividend decision.
- Appraise foreign currency risk and recommend appropriate risk management strategies.
- Appraise the relationship between risk and return and demonstrate its application to portfolio theory and the Capital Asset Pricing Model (CAPM).
- Apply, evaluate and compare common business valuation models.
- Evaluate the role of corporate planning and budgetary control as key elements in managerial finance, including the preparation and utilisation of performance measurement statements.
- Prepare and present quantitative and qualitative information for management decision making, integrating analysis, argument, and commentary in a form appropriate to the intended audience.

Question 3 (Students have a choice, Part A or B must be answered)	15
Section B	
Question 4	20
Question 5 (Students have a choice, Part A or B must be answered).	20
Total 100	

Assessment Strategy

EXAMINATION APPROACH

Some questions may be entirely discursive, while others will be both discursive and computational. Skills examined will include comprehension, detailed application, analysis, evaluation, synthesis, and effective communication skills in relation to the production of reports and memoranda for internal use. Managerial Finance is a core subject, and this is reflected by the limited choice in both sections of the examination paper. Students are expected to integrate and apply learning from this and other syllabi, as appropriate.

Examination Format

The assessment is by an unseen, closed-book examination of 3 hours' duration. The paper is divided into two sections. In Section A students are required to answer 3 questions, question 1 a compulsory 25-mark question, question 2 a compulsory 20-mark question and question 3 a compulsory 15-mark question. Students have a choice of answering Part A or Part B of question 3. In Section B students are required to answer
