The Irish Accountancy Awards

The Irish Accountancy Awards recognise & celebrate excellence in the accountancy profession in Ireland over the past 12 months.

Launched in 2015, the Awards seeks entries from firms, both large and small, teams and individuals who have provided the highest quality of service and who can demonstrate they have added significant value and competitive advantage to their client organisations.

The programme also serves as a unique platform to **attract top talent** to your organisation. Key people in your profession want to work with leading organisations. Entering the awards programme allows you to **benchmark your work**, and lets people know who the leaders are. It also allows both **individuals and teams to be recognised** within their company for their work.

Shortlisted entrants will have their national profiles raised just by making the final, and winners will receive coverage in the national press. And of course, there's the beautiful trophy which the successful entrants will take away on the night.

There is **no charge to enter** the Irish Accountancy Awards, so get your thinking cap on and start putting your entries together!

We wish all our entrants the best of luck and we look forward to receiving your entries.

Tips for Entering

1. Read the criteria and make sure you answer each point. The judges use the criteria points as a basis for their scores, so make sure you touch on each criteria point. You can use additional facts, figures and information to back up or add to these points. By following the criteria you stand a better chance of scoring highly and make the judge's job easier!

2. Enter the right categories. Some companies seem to enter certain categories, and then ignore the one that they would stand a much better chance of winning. To start, look through the categories carefully and choose the most relevant to you. This will give you a better chance of winning.

3. Facts are very powerful; and waffle or generalities cut very little ice with the judges. There are lots of ways of presenting data, and one may look a lot stronger than the others. We're not advocating you twist the truth; but we do feel it's within the rules for you to make the strongest possible case for your company.

4. Don't write more than you've been asked to supply. There is a limit on the number of pages you can submit (5 A4 Pages). Don't go above this as the judges won't read reams of supporting information. In the same way don't do ultra-minimal entries and simply rely on your profile to get yourself noticed.

5. Put yourself in the judges' shoes. Think about what would really impress them? What makes you special and distinctive? Our judges are all senior people and you need to think about your entry from their perspective. In many cases we see entries prepared by junior members of the team who can miss key selling points. The best entries have input from someone at Board level.

6. Check everything carefully. Many entries include fundamental errors – mainly spelling or grammatical errors.

7. Phone a friend. The events team working on the awards are happy to talk through draft entries and are always willing to give guidance. So if you want to try something a bit different, and would like our thoughts on that before you submit your entry give us a call – we'll do our best to give you a sensible steer.

8. Good presentation pays dividends. You are not judged on how pretty your entry looks, but busy judges are inevitably attracted to easy-to-read, neatly laid out entries. Some of the better submissions include simple, summary bullet points. The best presented entries often incorporate a range of small photographs, clever charts or graphs and other visual material that make it very easy to absorb and digest.

9. Boast - don't be modest! Your positive opening words are crucial - so begin with the end! This is the hook which will encourage those judging to delve deeper. Don't ramble; get to the point, every word should count. Be proud of what you have done, this is one time when it is absolutely right to boast. Testimonials are very powerful too!

10. Promote your business It is not often you are given the chance to generate free publicity; so encourage and praise your team and you might be surprised to discover that you can win one of the most prestigious awards in the sector. And if you win, think of the huge marketing advantage that will give you.

Judges & Judging Process

A distinguished panel of practitioners, academic and business leaders will co-ordinate the Irish Accountancy Awards judging.

To view who will be judging this year's Awards, visit www.accountancyawards.ie.

Shortlisting

- Once the entry deadline is reached all entries will be carefully examined and scored using the criteria by the shortlisting panel of experts.
- The highest scoring submissions will be selected to go forward to the shortlist for each category.
- You will receive an email from the Event Team letting you know if your entry was successful or not.
- The shortlist of finalists will be published in the national press and also on the Awards' website, www.accountancyawards.ie.

Judging

- Judges are divided into panels, based on their expertise, to ensure any possible conflict is avoided.
- All judges score the finalists based on the relevant category criteria.
- Scores are then collected by the event team and collated.
- Scores are sent to the judging coordinator who checks and verifies all scores.
- The highest scoring entrant is declared the winner of that category.

The winners will be announced at the Awards night in The Round Room at The Mansion House, Dublin, on Thursday, May 16th.
