INTRODUCTION

Part 1 and Part 2 of this Code specifies certain minimum competency standards with which *persons* falling within the scope of this Code must comply when performing controlled functions. Part 3 of this Code sets out details on the recognition of qualifications in respect of retail financial products for the purposes of the Code. The Minimum Competency Regulations¹ are associated with this Code and impose certain obligations on *regulated firms* under Section 48 of the Central Bank (Supervision and Enforcement) Act 2013 in connection with this Code. This Code and the Minimum Competency Regulations replace the existing Minimum Competency Code 2011 with effect from 3 January 2018.

Persons are expected to comply with the letter and spirit of this Code.

Any right acquired or obligation or liability incurred, in respect of a contravention of, or act of misconduct under, the previous Minimum Competency Code 2011 survives the replacement of the previous Minimum Competency Code 2011 with this Code and the Minimum Competency Regulations. Therefore, any legal proceedings, investigation, disciplinary or enforcement action in respect of a contravention of, or act of misconduct under, the provisions of the previous Minimum Competency Code 2011 in force at the time the contravention or act of misconduct occurred may be instituted, continued and enforced and any sanction or penalty in respect of such contravention or act of misconduct may be imposed by the Central Bank as if the provisions of the previous Minimum Competency Code 2011 had not been replaced.

Please note that compliance with this Code (where applicable) is one of a number of considerations which may be taken into account in deciding whether a *person* is of such fitness and probity as is appropriate to the performance of a controlled function within the meaning of Part 3 of the Central Bank Reform Act 2010.

PART 1

FITNESS AND PROBITY STANDARDS (MINIMUM COMPETENCY)

1.1 LEGISLATIVE BASIS

Part 1 and Part 2 of this Code (the *Standards*) are issued by the Central Bank pursuant to the powers set out in Section 50 of the Central Bank Reform Act 2010 (the Act).

Terms used in Part 1 and Part 2 of this Code have the meaning given to them in the introduction to this Code.

The *Standards* may be amended or supplemented by the Central Bank from time to time. Failure by a *person* to comply, or indicate an ability to comply, with the *Standards* where it is relevant to the exercise of a *controlled function*, may have consequences under the Act including the following:

- i) where the approval of the Central Bank is being sought to permit a *person* to perform a pre-approval *controlled function*, lead to approval being refused;
- ii) where a *person* is performing a *controlled function*, lead to an investigation being conducted in relation to the fitness and probity of that *person* to perform the *controlled function*;
- iii) cause that *person* to be the subject of a suspension notice under Section 26 of the Act;
- iv) cause that *person* to be the subject of a prohibition notice under Section 43 of the Act.

A *regulated firm* shall not permit a *person*, to whom these *Standards* apply, to perform a *controlled function* unless the *regulated firm* is satisfied on reasonable grounds that the *person* complies with the *Standards* and the *person* has agreed to abide by the *Standards*.

If a *regulated firm* permits a *person* to perform a *controlled function* without being satisfied on reasonable grounds that the *person* complies with the *Standards* or if the *person* has not agreed to abide by the *Standards*, that regulated financial services provider and/or a *person* concerned in its management may be exposed to financial penalties and other sanctions under Part IIIC of the Central Bank Act 1942.

1.2 SCOPE

These *Standards* apply to the *persons* exercising a *controlled function* on a professional basis, the exercise of which includes the following:

- A. Regulated activities other than *MiFID services or activities*:

 - (iii) the exercise of a *specified function* that falls within categories 4 and 5 as set out in Appendix 2.

PART 3

MINIMUM COMPETENCY – RECOGNISED QUALIFICATIONS

Terms used in Part 3 of this Code have the meaning given to them in the introduction to this Code. Part 3 of this Code relates to recognition of qualifications for the purposes of Part 1 of this Code.

3.1 Recognised qualifications

A *recognised qualification* for a category of *retail financial product* must meet the relevant competencies for that category of *retail financial product* as specified in Appendix 3 of this Code.

Appendix 4 of this Code contains:

- a) A list of qualifications that meet the current competencies for the various categories of *retail financial products*; and
- b) A list of additional qualifications recognised by the Central Bank for *specified functions*.

The Central Bank does not take part in course design or examinations. Our relationship with educational bodies is confined to setting and reviewing the *Standards* and confirming whether any particular professional qualification meets the *Standards* or not.

3.2 Exemptions from recognised qualifications

There are a number of qualifications that cover some of the competencies set out in this Code. We would expect that the professional educational bodies providing *recognised qualifications* would treat fairly any application for exemption from part of their examinations and would apply any exemption decisions consistently. In this regard, both the QFA Board and The Insurance Institute of Ireland have published comprehensive schedules of exemptions from their examinations, which cover various qualifications available in Ireland, and also UK and other international qualifications. The QFA Board, the Institute of Banking in Ireland, the LIA, the Insurance Institute of Ireland and the National College of Ireland have committed to have schedules of exemptions from *recognised qualifications* available publicly, which will be kept up to date as new applications are determined. Where the formal appeals process within existing structures has been exhausted, it would always be open to individuals to raise concerns with the Central Bank. Based on this, we can review this Code on an ongoing basis.

Where individual employees of *regulated firms* hold other qualifications, including those from another EU or EEA Member State, they may seek an exemption, from part of the *recognised qualifications*, from the professional educational bodies providing *recognised qualifications* and such exemptions where granted will be recognised for the purposes of this Code.

3.3 Other qualifications

Other qualifications may also meet the competencies set out in Appendix 3 of this Code. New qualifications may be developed by professional educational bodies or existing qualifications may be modified to ensure that they meet the specified competencies. Such qualifications will be considered as part of the ongoing assessment of this Code. However, they must be formally approved as a *recognised qualification* by the Central Bank. In order to obtain recognition for the purposes of this Code, any additional qualifications should:

- have broad support within the relevant industry;
- include the competencies set out in Appendix 3 of this Code;
- provide a standard of knowledge at least equivalent to that provided by the existing qualifications;
- have their underlying academic qualifications included in the National Framework of Qualifications at level 7 or higher; and
- include ongoing CPD requirements, which must not differ in a material way from the CPD requirements set out in this Code and which must incorporate a module, of at least one hour in duration, in relation to ethics.

In addition, the Central Bank reserves the right to enter into a public consultation in relation to such qualifications and to have them reviewed by an independent competent external body.

For the avoidance of doubt, no qualification shall be deemed to meet the *Standards* set out in this document unless and until the qualification has been formally recognised by the Central Bank.
